

## Storm Shelter Areas

Downtown Campus  
Newberry Building  
Fourth Floor

1. **When a tornado warning is issued, go to a safe area to protect yourself from glass and other flying objects.**
2. **Stay away from windows.**
3. **After a severe storm, if there is damage to the building, evacuate the building using the stairways. DO NOT USE ELEVATORS.**
4. **Be especially alert for broken glass and downed electrical lines.**
